

**Project Title:** European Vocational Master for Hairdresser

**Project Goal:**

1. The development and harmonization of the trainee- and education plans for hairdressers concerning the basic matters (haircut, colour-, perm- and finish design).
2. The harmonization of exam requirements for the regions, which are participating in this project, according to the European educational credit system.
3. The mutual recognition of the training qualifications

**Target Group:** vocational trainers, qualified vocational masters, association representatives, experts in the field of vocational training

**Project Partners:** Vocational Scholl II in Augsburg (Germany), the German Confederation of Hairdressers, the vocational School Bydgoszcz, the Chamber of Crafts Bydgoszcz (Poland), the vocational School Celje (Slovenia), the vocational School Litvinov (Czech Republic) and the vocational School Bruneck (Italy). Also many enterprises which are working in the field of vocational training declared their interest on the project.

**Project Description:**

The development of following matters in regular meetings of the project partners:

- Comparison and documentation of the different systems of vocational training for hairdressers in the participating regions
- Definition and specification of the key topics for the different trainee- and educational plans. Introduction of the key topics and results in the teaching tools (books, CD's, etc)
- Student exchanges
- Establishment of a network with the project partners

**Deadline for the proposal's submission:**

\_27. February 2010
