

LEONARDO DA VINCI IVT MOBILITY – CALL 2011

SEARCH FOR PARTNERS

European Programme	<p>Lifelong Learning Programme (LLP)          Subprogramme <b>Leonardo da Vinci IVT Mobility</b> (Initial Vocational Training)</p> <p>Call for Proposals 2011          More information: <a href="http://ec.europa.eu/education/llp/doc/call11/fiches/ldv3_en.pdf">http://ec.europa.eu/education/llp/doc/call11/fiches/ldv3_en.pdf</a></p>
Objective	Supporting <b>transnational mobility</b> of 10 people undergoing initial vocational education and training in the field of industrial maintenance
Theme	Development of <b>renewable energy</b> sources
Who are we?	<p><b>Jean Monnet general and vocational secondary school</b>          Les Herbiers, Vendée, France  <a href="http://www.lyceejeanmonnet85.com">www.lyceejeanmonnet85.com</a></p> <p>Situated in Les Herbiers, a town in Vendée (Western France), the Lycée Jean Monnet is a secondary school of general, vocational and higher education.</p>
What kind of partner are we looking for?	<p>The partner we are looking for is a <b>secondary school</b> which offers vocational training in the field of industrial maintenance, with whom we will be able to develop sustainable partnership (Working placement in companies, exchange of teachers, exchange of pupils...)</p> <p>Its role will be, first, to develop relationships between us and companies to find working placement for our pupils. Its role will also be to help us to find accommodation during the working placement.</p> <p>Jean Monnet School can also help this European partner to develop relationships with French companies in the industrial field.</p>
Description of the project	<p>➤ <b>Target pupils:</b>          About 10 grade 5/5<sup>th</sup> year pupils (who are at least 16 years old) preparing for a professional A-level in 3 years in the Industrial Maintenance field.          The pupils have already studied for one year and a half and have all already done work placements for ten weeks in France.          The opportunity to carry out a work placement abroad is suggested to the pupils but not imposed on them. This means that all the trainees will be volunteers. A company can host one or more trainees at the same time.</p>

	<ul style="list-style-type: none"> <li>➤ <b>Target companies:</b> Although the hosting companies may have various industrial activities, they must have a real interest in developing new energies such as solar power, wind power, geothermal power... The ideal company would be able to in the field of Industrial Maintenance.</li>   <li>➤ <b>Length and Period of the placement:</b> 3 weeks From September 2011 to June 2012</li>   <li>➤ <b>Placement Conditions:</b> Each trainee benefits from a « Leonardo » grant which covers the transport costs to the host town, accommodation and meals. This placement period consists in a training period in a professional environment and enables the trainees to acquire skills and finally get their diploma. Each trainee gets cultural and foreign language training (in English) enabling him or her to carry out the work placement in a company under the best possible conditions. A teacher will come with the trainees during the work placement period.</li>   <li>➤ <b>Skills to acquire</b> in the field of Industrial Maintenance: <ul style="list-style-type: none"> <li>○ to supervise, to improve and modify equipment</li> <li>○ to supervise and inspect processes</li> <li>○ to improve or modify tasks</li> <li>○ to receive and transmit information</li> <li>○ to draw-up and present reports</li> </ul> </li> </ul>		
Timetable	<p><b>A preparatory visit before the end of the year 2010</b> We suggest to come and meet you to know better each other and visit together companies which may host our pupils and to prepare our project. Deadline for application submission: <b>4 February 2011</b> Results of the selection process: May 2011</p>
