What partner are we looking for?	<p>We are looking for a vocational high school delivering training in healthcare in order to develop partnerships (training periods in companies, teachers and/or students exchange programmes...)</p> <p>This vocational school's role will be to develop relationships between our school and professional structures to find training periods for our students. Its other role will be to help us to organise welcoming conditions for our students during their training period.</p> <p>The Edmond Michelet secondary school can as well help its European partner to develop relationships with French companies in the same professional field and accompany it for an equivalent project.</p>	
Description of the project	<p>➤ Target students About 25 2nd year students (who are at least 15) preparing a 3 year vocational A-Level in healthcare and domestic help. These French students already had a 6 weeks training period in France. They are given the opportunity to go abroad for a training period but in no case it is mandatory. It is indeed the students' will.</p>	

	<ul style="list-style-type: none"> ➤ Targeted structures for training periods Structures welcoming elderly people (retirement houses, home care agencies, old people's residential homes...), disabled children or adults (medical care institutions, specialised schools ...) or children (kindergartens, schools...) or hospitals, clinics, NGOs ... ➤ Duration of training periods 3 weeks (between September 2012 and June 2013) ➤ Conditions <ul style="list-style-type: none"> - Each student is allocated a « Leonardo Da Vinci » scholarship covering up transportation expenses up to the welcoming town, accommodation and meals. - This training period consists of a training period in a professional structure in order to acquire skills and get a diploma. - Each student benefits from a cultural and linguistic preparation (in English) giving him/her the opportunity to do his/her training in health care in the best conditions. - Students will be accompanied and supervised by at least one French teacher during the whole training period. ➤ Skills to be acquired in health care <ul style="list-style-type: none"> ○ Get Integrated in the training institution ○ Identify the needs of people and territories ○ Take care of people in need ○ Take part in local networks ○ Work on communication techniques in a professional situation ○ Lead and follow a project 		
Schedule	<p>A preparatory visit before the end of 2011 We are proposing to come and meet you in order to know each other and visit together possible training places for our students. Our visit would enable us to prepare our project in better conditions.</p> <p>Application to be submitted : February 2012 Selection results: May 2012</p>
